

Press Release

## **NO TAVOLATA ST. MORITZ 2023**

**After intensive discussions and due to personnel shortages in various industries, the organizing committee of the popular food and music festival "TAVOLATA ST. MORITZ" has decided to cancel the event from July 28th to 30th, 2023.**

**St. Moritz, June 11th, 2023** - With heavy hearts, we must inform you today that one of the largest summer festivals in Engadin will not take place this year. "It was anything but an easy decision," said OK President Thomas Kriemler after an extraordinary meeting this weekend. "The circumstances that the event is facing this year force us to take this step."

Since 2011, TAVOLATA ST. MORITZ has brought thousands of visitors together at one table, captivating them not only with the finest culinary delights and great music but also with passion and dedication. An event that could never have been realized without the support of local businesses and many voluntary helpers.

"It is an event that lives from and for each other," said Kriemler. Unfortunately, the staffing situation at many partners is currently so strained that the usual and necessary resources cannot be relied upon. "That is something we have to accept!"

It is also evident that the desire to travel is back after the COVID-19 pandemic. Many longtime Helping Hands are not available to the organizing committee this summer.

After the 10th anniversary in 2022, a creative break was planned anyway. However, the high demand convinced the organizing committee to continue the festival. The cancellation now is not an "end" but a "see you again". "We take this opportunity to reposition ourselves and are already fully motivated to start planning for 2024," concludes Kriemler.

At this point, a big thank you to all partners, sponsors, benefactors, and above all, all the Helping Hands who have contributed with great passion, sweat, and enthusiasm to the success of this unique festival since the first TAVOLATA ST. MORITZ in 2011.
